<p>II. Updates-Brian Potter’s proposal</p> <p>It was decided that the committee needed to reach a consensus of what should be included in the proposal sent to the President. After lengthy discussion that included the Municipal Land Use Center (MLUC and sustainable initiatives on campus, restoring the budget to support the PC3 and hire a sustainability coordinator, hire a sustainability coordinator without a budget, restore some of the budget and keep the workings of the committee status quo, or continue as is with no budget, limited membership and no funds,)it was decided that the original proposal would be edited to reflect the option of the MLUC working as the sustainability coordinator, and asking for some financial assistance.</p> <p>B. Potter will edit the proposal to reflect the decision of the committee and C. Heuring and M. Horst will review it before it goes to the President.</p>	All
<p>III. Announcements</p> <p>a. The PC3 will continue to meet on the first Thursday of every month at 3:00pm in ASB 203 for the next semester</p>
